
CANOBIE LAKE PARK JOB FAIR DRAWS HUNDREDS

More than 700 people submitted applications for seasonal work Saturday at Canobie Lake Park's annual job fair. Canobie Lake Park is an amusement park located in Salem, New Hampshire. The annual job fair typically draws lots of teenagers looking for summer jobs, but this year saw a wider range of ages and experience. Various departments, like security, food and park services, and emergency response staff conducted interviews, offering some applicants jobs on the spot, while others were asked to come back for another interview, and some were told to keep in touch. The fair will fill positions for the park's opening on April 25.
