
SPRINT NEXTEL HIRING 100 IN VIRGINIA

Sprint Nextel is hiring at its Hampton Contact Center in Hampton, Virginia. Sprint, which announced last month that it would close a network operations center and eliminate 100 jobs, said the new jobs in Hampton will be added to the 700 employees now working at the call center. New hires will be offered competitive salaries, medical and dental insurance, 401(k) plan participation, performance bonuses, and participation in the employee wireless phone program. Sprint is holding job fairs to interview interested candidates.
