

AIR-TRAFFIC CONTROLLERS UNION WARNS OF LAYOFFS IF 'FISCAL CLIFF' ISN'T AVOIDED

Of the many industries that would be affected by going over the 'fiscal cliff', the Air Traffic Controllers Union warns of the many problems that would arise in air travel. From the loss of hours for air traffic controllers, funding for research into upgrading technology and a reduction in the number of flights available to travelers, the entire industry would take a significant hit.
