

FEDERAL BUDGET CUTS LEAD TO MORE LAYOFFS AT INL

The article is about the job cuts felt by the employees of Idaho National Laboratory due to federal government budget cuts. Battelle Energy Alliance has to go through a cut of about \$6.7 million in safeguards and security who is a contractor. Battelle has to respond to the cut by the end of March with an effective strategy. Bugger, Department of Energy Spokesman said that in future there would be more of layoffs.
