
UTAH DEPARTMENT OF CORRECTIONS TO ELIMINATE 160 JOBS

The Utah Department of Corrections will eliminate 160 full-time jobs, or 6% of its work force. But only three workers will be laid off. Twenty-three people will be reassigned, and some of those will take pay cuts of up to 37%. Twenty-one workers took voluntary early retirement. Utah Corrections lost \$20 million from its 2010 budget.
