## RESUME BLASTER - 10 SUREFIRE WAYS TO BLAST YOUR RESUME

### Create a great resume

A good CV can ensure you stay in the reckoning during the final rounds when employers identify candidates for an interview. You should stress your strong points with an eye on the job requirement.

### Customize

Check the website of the company you are applying to and find out what exactly they require. Your best bet would be to customize or tailor your resume to suit the requirements of the company.

### Stress salient points

There are several stress points that you should highlight for it to be handy at a resume blaster service. You should elaborate on your past experiences and skills as well as achievements.

### Crisp

Do not get into boring stuff while preparing a resume. Keep it short and to the point which would help in resume distribution. Times have changed and short, but an effective resume, can do loads for your job.

### Cover letter

A cover letter is a mirror image of you. On the basis of a cover letter, employers will short list applicants for sending them call letters. Be precise and take care not to miss out on any details. On the basis of a cover letter, a prospective employer will try to assess your personality and figure out how you can be of use to the company.

### Stay updated

Check other companies to identify the niche market that you will cater to. If you are applying for a job at a company belonging to a particular sector, stay updated with the latest industry news and developments.

### Post resume

Post your resume to different websites of companies you are targeting by doing some solid research on the internet. Target as many companies as possible to get a wider reach and focus on jobs from where you are likely to get a call.

### Resume blasting services

The best way to send you resume across to millions of employers is to use resume blasting services. Some resume blasting services even allow you to regularly update your resume and you can benefit in loads from resume distribution. A resume blaster will re-check with you before posting the resume to various websites on the internet.

### More employers

Your chances of getting a job would be much higher if you can send it across to millions of companies through a resume blaster.

### Take help from pros

A professional resume distribution agency can also fine tune your resume to target niche employment markets coast to coast. You can also benefit from a free resume blaster through which you can reach more employers.
