## OHIO TAX CREDITS TO CREATE 55 JOBS

The Ohio Department of Development has awarded job creation tax credits to two companies, AssureRx LLC and Pakmark LLC. Cincinnati's AssureRx LLC will get 50% job creation tax credit when the company relocates to a site in Warren County. The \$350,000 project will create 30 positions, and save seven jobs. AssureRx was founded in 2006 to license and commercialize the personalized medicine technology of Cincinnati Children's Hospital Medical Center and Mayo Clinic. Fairfield's Pakmark has received a 45% job creation tax credit. The company will be required to maintain operations at a project site in Vandalia for 12 years, and create 25 jobs. Pakmark manufactures labels, tapes and dispensers for shipping and packing.
